A DECADE OF ADVOCACY FOR UNIVERSEAL BROADBAND CONNECTIVITY

The Annual Meeting brings together Broadband Commissioners - leaders across ICTs sectors to discuss the newly released State of Broadband Report 2020 (#SoBB2020): "Tackling Digital Inequalities: A Decade For Action" and to devise a plan to deliver on the 2030 Agenda. In this milestone report Commissioners confront the realities of the year as the world faces a pandemic disrupting Global and local economies, healthcare and education systems. Working Group Chairs will present publications bringing to the forefront the crucial role that broadband plays in connecting the world and keeping societies safe, strong and healthy. Together we will continue our work towards universal connectivity, making sure to leave no one behind.
