We are the World Roma Federation, a nonprofit organization with UN consultative status. Our core mission is finding viable solutions and taking initiative in the affairs of Roma people on both a US and EU level.

The scope of our work is centered on humanitarian aid relief to at risk or poverty level Roma peoples living within camps.

Today we are launching a campaign to raise awareness and support for 80 families (500 people) living in inhumane and unsanitary conditions in Macedonia. The situation in which these families are forced to succumb to is beyond reproach. More needs to be done to remedy and provide temporary relief until the COVID pandemic is subdued in the Region.

The Roma families are currently living without the following:

- ❖ No clean water
- ❖ No Food
- ❖ No heat or electricity
- ❖ In makeshift homes
- ❖ Have no support or voices within the government to facilitate any standard protocol for provisions or relief.

Today, the World Roma Federation is asking its patrons and supporters for help. To answer the inept response in the region we have developed an Emergency Humanitarian Program for this settlement.

We need all the help we can get!
