

UNDP PREPAREDNESS TOOLKIT ACCESS GUIDE

An interactive platform to better anticipate and prepare for uncertainty, risk and crisis

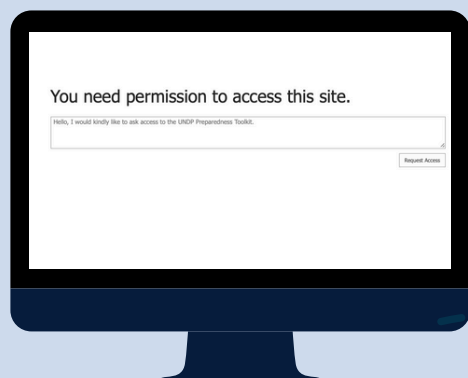

STEP 1

If you do not have a UNDP email address, you must request access to join the [UNDP Preparedness Toolkit](#).

As a first step, open the link and enter your personal or business email address. Then click “next”.

STEP 2

A tab will open saying you need permission to access the site.

Kindly write in the text box your name and organization, then click “request access”.

STEP 3

As soon as your request is approved, you will get an email informing you that access to the [UNDP Preparedness Toolkit](#) is now enabled.

If the steps indicated do not work, or if you would like to request access for multiple people within your organization, reach out to ioana.creitaru@undp.org and giordano.margaglio@undp.org.
